**D. Affirmatively Furthering Fair Housing (AFFH).**

PHA Plans (including any plans incorporated therein) .... Strategies and actions must affirmatively further fair housing ...." If there are more than three fair housing goals, add answer blocks as necessary.

Until such time as the PHA is required to submit an AFH, the PHA will not have to complete section D., nevertheless, the PHA will address its obligation to affirmatively further fair housing in part by fulfilling the requirements at 24 CFR 903.7(o)(3) enacted prior to August 17, 2015, which means that it examines its own programs or proposed programs; identifies any impediments to fair housing choice within those programs; addresses those impediments in a reasonable fashion in view of the resources available; works with local jurisdictions to implement any of the jurisdiction's initiatives to affirmatively further fair housing that require the PHA's involvement; and maintain records reflecting these analyses and actions. This information collection is authorized by Section 511 of the Quality Housing and Work Responsibility Act, which added a new section 5A to the U.S. Housing Act of 1937, as amended, which introduced the Annual PHA Plan. The Annual PHA Plan provides a ready source for interested parties to locate basic PHA policies, rules, and requirements concerning the PHA's operations, programs, and services, and informs HUD, families served by the PHA, and members of the public for serving the needs of low- income, very low- income, and extremely low- income families.

Public reporting burden for this information collection is estimated to average 6.02 hour per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. HUD may not collect this information, and respondents are not required to complete this form, unless it displays a currently valid OMB Control Number.

**Privacy Act Notice.** The United States Department of Housing and Urban Development is authorized to solicit the information requested in this form by virtue of Title 12, U.S. Code, Section 1701 et seq., and regulations promulgated thereunder at Title 12, Code of Federal Regulations. **B.3 Progress Report.** Provide a description of the PHA’s progress in meeting its Mission and Goals described in its 5-Year PHA Plan.

- To convert Public Housing to Housing Choice Vouchers through Streamlined Voluntary Conversion or RAD. No disposition or rehab of the units is anticipated and the homes will continue to be owned by the Housing Authority. The conversion will place these 178 units on a more stable funding stream and will add mobility and choice for our residents.
- To continue to perform modernization and rehabilitation to existing units to ensure quality affordable housing.
- To continue to seek opportunities to increase the supply of affordable housing units, both rental and homeownership, available to the Missoula community.
- To continue to evaluate the strategic placement of project-based vouchers to provide homes for those most in need.
- To continue to partner and collaborate with the City, County, the State of Montana, other social service agencies, non-profit agencies, and private developers in the development and implementation of housing policies for the City and County and other entities as opportunities arise.
- Missoula Housing Authority is partnering with BlueLine Development and Madison Crossing LLC to begin construction on 200 units of Affordable Housing on the Northside of Missoula, to be named Villagio. The project will include 24 units of project-based voucher housing partially paid for with \$1 million of disposition proceeds, in addition to 4% low income housing tax credits, a tax exempt bond, and grants. The project is located on Missoula’s northside at the corner of Otis St. and Shakespeare St. and will be the largest affordable housing development in Missoula. This project fulfills goals of the PHA plan to continue to develop an active and visible role as a collaborator and leader within the affordable housing sector, pursue funding and development of new rental housing opportunities, develop public/private partnership opportunities for new development of affordable housing, and increase visibility of the agency and promote a positive public image. The strategic use of project-based vouchers to enhance project feasibility, and in this case to allow the infusion of disposition proceeds into the project, is essential to fulfill these goals in Missoula’s high-cost construction and land acquisition environment.
- Missoula Housing Authority also plans to partner with BlueLine Development, the City and County of Missoula, a local non-profit developer, and various social service agencies to develop a 202-unit project with 30 units targeted to homeless persons. The project will be located on two separate sites, with a “navigation center” located on the largest site where the 30 units for homeless persons will be located. The navigation center will house a drop-in center and other health-related services available to the residents.
- Missoula Housing Authority has secured funding for a 12-unit “Housing First” project through the Housing Trust Fund, and AHP grant, and the remaining balance of disposition funds from the sale of public housing units. The Cornerstone Apartments will

be located at 2830 Great Northern Loop in Missoula, MT. The development will be under construction by fall of 2019, with completion anticipated in the summer of 2020. The project is targeted toward homeless persons and families with supportive services provided by an array of social service agencies. Applicants will be screened through the City's Coordinated Entry System, with housing offered first to those most in need. Project-based vouchers will be placed in all 12 of these homes. This project fulfills goals of the PHA plan to continue to develop an active and visible role as a collaborator and leader within the affordable housing sector, pursue funding and development of new rental housing opportunities, develop public/private partnership opportunities for new development of affordable housing, and increase visibility of the agency and promote a positive public image. The strategic use of project-based vouchers to enhance project feasibility, and in this case to allow the infusion of disposition proceeds into the project, is essential to fulfill these goals in Missoula's high-cost construction and land acquisition environment. This also fulfills MHA's goals of providing homes for those most in need.

- **In** August of 2017, the MHA Board of Commissioners developed a policy for its construction arm, Bristlecone Development LLC, to allow it to act as general contractor, owner's representative, project manager, or physical needs assessment consultant for outside entities. Those entities could be for-profit or non-profit, focusing on projects that include an affordable component or some other public benefit. Other types of projects, including market rate developments, are permissible with the approval of the board on a case-by-case basis. The five-year plan includes continuing to seek out opportunities to take advantage of the in-house expertise provided by Bristlecone.
